

Academic Qualifications			
Year	Degree/Certificate	Institute	CPI/%
2021 - Present	Mathematics & Scientific Computing	Indian Institute of Technology Kanpur	8.34/10
2021	Class XII (CBSE)	Salwan Public School, New Delhi	98.2%
2019	Class X (CBSE)	Bal Bharati Public School, Noida	98.8%

Scholastic Achievements	
- Awarded the Bhagwan Das Scholarship 2023 for the highest CPI amongst girls in the Mathematics and Statistics department - Received the INSPIRE Scholarship by the Government of India for 2 consecutive years having a selection rate of 0.06% - Qualified for Top 50 in the Women of Mettle program by TATA Steel amongst 800 candidates & offered a KPI Automation project - Selected in Top 300 by Optiver and IIT Delhi in the Quant Winter Trading School program amongst 10K+ candidates of all IITs and NITs - Secured All India Rank 2858 in JEE-Advanced 2021 and All India Rank 2467 in JEE-Main 2021 out of 10 lac students	

Internship Experience	
SURGE 2023 Immune Epidemic Modelling of COVID'19 📄 May'23-Jul'23 Mentor: Prof. Malay Banerjee, Department of Mathematics and Statistics	
Objective	Develop an epidemiological model for COVID-19 assessing effectiveness of international pandemic mitigation strategies
Approach	- Analysed public WHO data of COVID demographics of 15+ Latin American & African countries using Euler's Approximation - Gauged the effective disease transmission rate with 87% accuracy using ensemble forecasting on SIR and SEIR models - Examined the mismatch between predicted and official data by researching 15+ journals on global socio-economics
Impact	- Identified the presidential election campaigns as the cause for 36% increased COVID cases in Brazil vis-a-vis South America - Recorded a disparity of 15% in the exponential disease growth rate of 4 countries indicating severe underreporting of cases

Content Editor Vizura, Ed-Tech Startup 🔄 Oct'22-Nov'22 Received an offer to extend internship by 2 months for exceptional teaching and excellent execution of fresh ideas	
Objective	Devise pedagogical techniques for 5K+ students across India fostering scientific inventiveness in accordance with NEP
Approach	- Condensed complex theories into 10 concise lecture videos relating science to daily life by utilising movie references - Designed engaging animations using VPython simplifying high school science beyond the barren NCERT concepts
Impact	Generated profit worth ₹2.5 lakh by obtaining 30K+ novel subscriptions to the courses and increasing MAUs by 50%

Positions of Responsibility	
Editor Vox Populi, IIT Kanpur Apr'23-Present Student Journalism Body of IITK with 17K+ readers 5x Overall Reach Budget: ₹1 Lac	
Leadership	Established the video journalism vertical of Vox Populi introducing 2 new article series and garnering 40K+ impressions - Spearheading 10 assistant editors & 20 core group members in 4 video articles and 3 editorials comprising of 20+ interviews
Initiatives	- Co-ordinating with the director's office and heading a team for the interview of Dr. Abhay Karandikar, Director of IITK - Conceptualised 800 hours of interview footage of 10 professors into a 3 piece article series garnering 3K views
Impact	Reformed the undemocratic veto provision in the Gymkhana Constitution by publishing a critique, got 15K+ impressions - Garnered ₹50,000 worth of faculty sponsorship for documenting environmental sustainability startups and campaigns - Solicited by HOD of Electrical Engineering for a promotional campus documentary for 100K+ UG and PG applicants

Key Projects	
ESG Investing Finance and Analytics Club 🔄 Dec'22-Jan'23 Mentor: Prof. Suman Saurabh, Department of Industrial and Management Engineering	
Objective	Develop a machine learning model for grading stocks based on (environmental, social and governance) ESG factors
Approach	- Identified the 10 most economically profitable stocks from NIFTY200 using a deterministic algorithmic trading model - Devised ESG score calculation by implementing an NLP model on year-end reports of 40+ MNCs using their tf-idf values
Impact	Promoted sustainable commercial trading by accentuating high ESG firms mindful of climate change and egalitarian values

Mentored: Advanced Financial Modelling Finance and Analytics Club 🔄📄 May'23-Present Selected 25 students from 1.3K+ candidates Core Satisfaction Rate : 89.2%	
Objective	Illustrate future cash flow estimation and stock valuation using probabilistic financial modelling in Python
Approach	- Demonstrated MCMC simulation on 1K+ data points of a dynamic retirement model customized for a middle-class income - Engaged mentees in hands-on learning by assigning valuation of 20 stocks using Capital Asset Pricing Model to 10 teams
Result	Identifying firms with the highest discounted cash flow valuation over the next 5 years based on 800+ OHLC values

Extra-Curricular Activities	
Cultural	- Secured 2nd Runner Up in the group dance competition at the Inter IIT Cultural Meet 2022 amongst 23 IITs Seceretary, Dance Club : Choreographed a dance sequence for 35 beginners and managed 50+ dance performances
Social	- Tutored 20 underprivileged children in English and SST using movies and self-authored stories as a PRAYAS volunteer - Composed 6 dance choereographies for the PRAYAS Annual Day and directed rehearsals of 125 children for 20 days
YouTube 📺	- Founded a YouTube channel with 20K+ views addressing adolescent mental health and peer pressure through vlogs - Guided 10K+ JEE Aspirants on a YouTube livestream after invitation by educationist Riitik Baheti with 10 lac+ views - Directed and authored the first documentary of PPOC screened for 500+ faculty and staff garnering 1.5K+ views online
Managerial	FAC Seceretary: Conducted & organised the club orientation for 1.3K+ freshers resolving queries during the SnT Showcase PPOC Seceretary: Organised sessions by journalists Navika Kumar and Shweta Singh for 3K+ students on political reporting
Sports	Selected amongst 500+ candidates in the Aquatics Summer Camp 2023 and an active member of the Aquatics Team IITK
