

ACADEMIC QUALIFICATIONS			
Year	Degree/Certificate	Institute	Performance (CPI/%)
2021 - Present	B.Tech.	Indian Institute of Technology, Kanpur	8.1/10.0
2021	Class XII (HSC)	Esplanade Junior College, Mumbai	98.3%
2019	Class X (SSC)	Oxford Public School, Mumbai	93.2%
SCHOLASTIC ACHIEVEMENTS			
- Recipient of Golden Jubilee Scholarship 2022-23 by IIChe (NRC) worth INR 30K awarded to 16 students nationwide - Secured All India Rank 6281 in Joint Entrance Examination (Advanced) 2021 amongst 150K+ shortlisted candidates - Secured All India Rank 3846 in Joint Entrance Examination (Main) 2021 amongst 930K+ appeared participants			
WORK EXPERIENCE			
Vedantu Lead Intern, V-Ignite Counselling Program			(Aug'22-Nov'22)
Objective	• To lead a competent team of mentors in providing guidance and support to students during JOSAA counselling		
Approach	• Collaborated closely with the Program Manager and mentors for seamless execution of counselling sessions • Analyzed student feedback to tailor engaging theme-based sessions for specific student needs and challenges		
Outcome	• Mentored and counselled 1K+ students, enabling informed decisions for their academic and career paths		
MathonGo	Content Development Intern (Dec'21-Mar'22)		
Objective	• To develop tailored tests for JEE Main, JEE Advanced, and BITSAT, meeting students' needs and aspirations		
Approach	• Examined previous year papers to identify recurring patterns , prevalent themes , and difficulty trends • Utilized statistical analysis techniques to understand question distribution , topics , and weightage dynamics		
Outcome	• Created tests with one of the highest ratings among 20+ interns, and positively impacted 150K+ students		
KEY PROJECTS			
Incorporating Virtual Chemical Companies Course Project (CHE261A) Prof. Raghavendra Ragipani (Mar'23-Apr'23)			
Objective	• To identify a high-value chemical for production in India through market analysis of various chemicals		
Approach	• Screened three fine and specialty chemicals based on profitability , raw material availability , and safety • Analyzed reports from chemicals.gov.in, ibef.org, cpmaindia.com, KPMG, and import/export data from Zauba		
Outcome	• Selected a high-value chemical Naproxen for production and secured 2nd position amongst 7 companies		
Analyzing ESG Indicators with Prof. Suman Saurabh Finance & Analytics Club, IIT Kanpur (Dec'22-Jun'23)			
Objective	• To build a model that can generate a portfolio based on Environmental , Social and Governmental factors		
Approach	• Utilized web scraping techniques with Python code to extract the annual reports of 500+ Indian companies • Analyzed 50+ annual reports to identify and document underlying ESG factors addressed by these companies		
Outcome	• Ranked 500+ companies based on their scores to generate a portfolio, promoting environmental stewardship		
Introduction to Data Science in Chemical Engineering 📍 Chemineers Society, IIT Kanpur (Dec'22-Feb'23)			
- Attained expertise in Python, including NumPy, Pandas, Matplotlib, while grasping ML's mathematical fundamentals - Designed and executed regression models to forecast saturated liquid volume from pressure, achieving R2 score of 0.99			
TECHNICAL SKILLS			
Programming Languages: C, C++, Python, HTML, MATLAB, L^AT_EX, CSS, Javascript, SQL Softwares/Utilities/Libraries: Canva, MS Excel, Git, Autodesk Fusion 360, Matplotlib, NumPy, Pandas, TrackPy, ImageJ
